

Purpose

At MIG, we recognize our responsibility to protect the environment and are committed to continual improvement of our environmental performance as an integral part of our business strategy and operations.

In line with the requirements of ISO 14001:2015, MIG is committed to:

Protect the Environment

Protection of the environment, including prevention of pollution, sustainable resource use where possible, waste reduction and recycling, energy efficiency through technology, monitoring and energy audits.

Comply with Legal and Other Requirements

We will fulfill all applicable legal and regulatory requirements, as well as other environmental obligations that apply to our operations, products, and services.

Continual Improvement

We are dedicated to continual improvement of our environmental management system (EMS) to enhance our overall environmental performance. We will set and regularly review environmental objectives and targets to drive this improvement.

Integration with Business Strategy

This policy is aligned with our overall business strategy and supports the context and strategic direction of MIG.

Communication and Awareness

This policy is communicated to all persons working for MIG, including contractors to ensure understanding and implementation. It is also made publicly available to all interested parties via our website and other appropriate channels.

Resource Commitment

We will provide the necessary resources to implement this policy and to ensure the effectiveness of our environmental management system.
