

Purpose

Meneghello Industrial Group (MIG) aim to achieve high levels of customer satisfaction through exceptional quality of products and customer service. This is shown through the Meneghello purpose which is:

“Committed to customer-focused excellence, we strive to be Australia’s leading supplier of steel products.”

Quality is an integral part of our business. In line with our strategic direction, we have developed a Quality Management System that meets the requirements of International Standard *ISO 9001:2015 Quality Management Systems* and work in accordance with:

- *Hot dip galvanizing AS/NZS 4680:2025*
- *AS/NZS 5131:2016 Structural steelwork – Fabrication and Erection.*
- *AS/NZS 1554.1:2014 Structural Steel Welding*
- *AS3894.3:2002 Site testing of protective coatings*
- *AS1627 Metal Finishing*
- *AS 2312 Protecting steel against atmospheric corrosion*
- *AS 1940 Storage & Handling of Flammable and Combustible Liquids*
- *AS 2700 - Colour Standards for General Purposes*

Quality Objectives are developed to assist the continual improvement of the Quality Management System and monitored as a part of the Management Review Meetings.

To maintain quality performance of all MIG business units at the highest level, we are committed to:

- Complying with statutory obligations and relevant standards and specifications.
- Continual improvement and communicating our goals and objectives to employees.
- Producing galvanized products, steel components and bolts to achieve customer contracts and meet customer requirements.
- Regular monitoring and review of all MIG systems and processes to ensure ongoing compliance and continual improvement of the Quality Management System.

Andre Meneghello
Managing Director
